Career Objective

The Teleology of my life is to inspire others through my work and interactions, and to be an agent of change in the development of life of people. I am passionate to work in the fields of Development and Administration .

Experiences

- **Work Experience:(July 2013 to Apr 2014)**
    - ➤ Joined as **Area Manager** in Voivo InfoTech Pvt Ltd and worked on Business to Customer Relationship.
    - ➤ During this journey I got a chance to interact with the customers from different walks of life and solve their respective problems.
    - ➤ One thing which I learned during this journey was to bridge the gap between customer requirement and organization's offering i.e. organizations should align their product according to particular customer needs.
- **Program / Event Management:**
    - ➤ During 4th semester of my college I organized an event named **Pixture** in the college tech-fest IGNITIA. There were 50 participants and 25 coordinators under my guidance. Smooth functioning and culmination of event got appreciation from fellow organizers and mentors.
- **Team Spirit:**
    - ➤ I was also the coordinator of **Soft-O-Pedia** , an event to incubate the computer skills in students. It was a great experience to interact with the students of different colleges.
    - ➤ In the Annual Function of my college, I got the opportunity to become a member of the discipline committee-a wing of college students to enforce discipline and smooth functioning of various scheduled events.
- **Research and Analysis:**
    - ➤ During the 7th semester of my college I was inducted in the **"PARIVARTAN"** wing of **Computer Science Association**, a think tank to develop the pedagogy skills in Computer Science.

> ➤ Here we brainstorm about the various subjects of our syllabus, and derive the methods through which these subjects could be understand better. Various teachers were also the part of this Association and were mentoring the whole process.
